(If you have an account from last year, PLEASE do not fill out this form.)

The Cumberland County School District offers a Parent Portal for parents and students. The portal is a web-based program that allows users to view unofficial student demographic information, attendance, grades, and schedules of student(s) enrolled in one of Cumberland County's schools for the current year. Users of the portal can access the information anywhere, anytime if the user has internet access and an update-to-date browser such as Microsoft Internet Explorer or Mozilla Firefox.

A parent, legal guardian, or student has the right to access information in the portal. Account information will be provided to parents upon request. **The account will remain active as long as the user has a student enrolled in the school district or the district deactivates the account due to a breach in the acceptable use policy.** In order to receive credentials for this account, you must read, accept, and sign the Acceptable Use Policy.
